## Urgent Memorandum

To: Chicago Military Academy at Bronzeville Community  
From: R.W. Miller   
Subject: Facebook

I have discovered a bogus Facebook account online which bears my name and a picture of me. Several cadets at CMA-B have become Facebook “friends” of this imposter, but I must tell you that he (or she) is a fraud – a faker.

Although I do have a Facebook account, it is used exclusively for family communications. I know that many cadets had shown interest in this account and will be disappointed. Some of the early posts have perpetrated significant breach of trust from a truly sick individual. However, I also noted that some posts occurred during school hours.

Hmmm . . . how could that have happened?

If there is acknowledged interest in a legitimate Facebook account as Academy Superintendent, I am open to the idea. In the meantime, the current CMA-B principal is a poser.
